Polling Location

At each polling location, all PEOs work together as a team to make sure voters are at the correct location and given the correct precinct ballot. The team makes sure all election laws are followed and every voter has access to a fair voting process.

The following positions and materials are required at every polling location:

- One Voting Location Manager (VLM) and one Voting Location Deputy (VLD).
- PEOs assigned by party – Democrats, Republicans, and Non-affiliated.
- Not more than one half of PEOs assigned may be members of the same party.

When handling ballots and voting equipment, both parties *must* be represented.

- At least two ePBs for each location – one labeled as VAT and the other one as Check-in.
- Voters go to any Check-In ePB and any Vscan in the location.
- Every location has Vscan(s), voting booths and one Access Station.
- *Find Voters List* combines voters from all precincts at the location.
- Campaign Neutral Zone (see pg 7) - Identified by placing US flags and *No Campaigning* signs 100 feet from voting entrance.
* Voters may bring their own campaign papers to the location for personal use but cannot display them.

Each Precinct at a polling location has its own voting materials. All materials are labeled.

- Ballots
- Provisional Envelopes
- Unscanned Envelopes
- Split materials (if applicable)
- Write-in Candidates List in envelope (if applicable)

Voting Location Deputy (VLD)

- Second in command at the polling location

The VLD and VLM ***must*** ride in the *same* car to the assigned Drop-off location on Election night with the packed red ePB cases, white Vscans (with blue tags), *Blue Ballot Bags*, and blue *Provisional & Unscanned Envelope* bag. Passenger may ride in the back seat.

Precinct Election Official (PEO)

- A poll worker on Election Day
- Has an understanding of all jobs at the polling location
- Responsible for ensuring a fair and accurate election by following all procedures & instructions from the VLM and the Board of Elections.

Ethics, Professionalism & Campaigning

PEOs are here to serve the voters of Hamilton County and guide them through the democratic process.

Ethics & Professionalism

- Treat everyone in a professional manner.
- Work efficiently.
- Resolve problems so voters can vote with ease and confidence.
 - Body language is a powerful tool in tense situations.
 - * Allow a person their personal space.
 - * Watch your posture—keep arms uncrossed and hands off hips.
 - Listen to the voter's concerns or questions and communicate using positive and helpful statements.
 - * Let the voter speak, do not interrupt.
 - * Use positive language "I want to help you" or "Let's call the help desk to figure this out".
- Must be non-partisan and work together as a team.
- Respect & listen to instructions from the VLM.
- Understand you are the front line of our democracy—utilize resources such as the Quick Guide, Comprehensive Manual, Troubleshooters and Help Desk.
- If you don't know the answer to a question or are unsure of what to do, ask for help.
- Put yourself in the voter's shoes: voting is important, and we all want our voices heard.
- No electronics – other than those provided by the BOE – may be used at the polling location including laptops, tablets, music players, radios, etc. Cell phones can be used for BOE contacts.

A PEO should never display or make any type of statement which may be political in nature.

People Allowed in the Polling location:

- A voter; the voter's child or other person assisting the voter.
- Election officials, BOE staff with credentials.
- Persons reviewing 6:30am, 11am & 4pm List of Voters.
- Appointed Observers (ask to see *Certificate of Appointment*).
- A police officer
- Media allowed reasonable access to polling locations during elections – including filming but they cannot film a voter's ballot or broadcast 'live' from inside the voting area. If a reporter requests an interview, contact the Help Desk.

People NOT Allowed: candidates or campaign workers; pollsters; persons collecting petition signatures; persons or a group distributing food.

Campaigning

Keep the polling location a **CAMPAIGN NEUTRAL ZONE**—all campaign solicitors & materials must stay outside the flags. Voters may bring materials, like sample ballots, for personal use.

The following is *not* allowed in the polling place or surrounding neutral zone

1. Attire and paraphernalia displaying the name of a political party
2. Attire and paraphernalia displaying the name of a candidate
3. Attire and paraphernalia demonstrating support of or opposition to a ballot question or issue on the ballot.

Even though particular attire may be viewed by some as a political statement, if it does not include the name of a candidate or a political party, or advocate for or against a ballot question or issue, it should be allowed. PEOs are held to a higher standard and should never display attire which could be portrayed political in nature.

Election Security at the Polls

The Vscan and Access Station are *not* connected to the internet.

Ballots scanned on the Vscan are recorded on secure vDrives that are tabulated at the Board office election night; and they are backed up by the voted paper ballots. Audits are conducted after the election. Poll workers are assigned by both the Democratic & Republican parties.

PEOs help to make sure the election is secure at the polling place:

1. Check all tamper proof seals on equipment
2. Election morning, run a *Zero Report* to show no ballots were cast on the Vscan
3. Keep watch over equipment, materials & supplies on election day & report suspicious activity
4. Document any incidents in *Notes* pages/*Forms Binder*
5. Follow chain of custody procedures
6. Call **911** if there is an emergency. The polling place address is listed on the back of the Check-In and VAT signs

Evacuation of your Polling Location

If you must leave your polling location due to an emergency like a fire or tornado, keep calm.

Your safety and the safety of voters is the first concern. Gather the following, if time to do so safely:

- Vscans
- Voted ballots (it may be quickest to pick up the locked ballot box with voted ballots inside)
- ePoll Books
- *Provisional & Unscanned Envelope* bag
- Unscanned envelopes and clipboards

If voters are in the process of voting when the evacuation takes place, they may finish voting once out of the building in a safe place by using the clipboard and placing the ballot in an unscanned envelope. The unscanned envelope is then placed in the *Provisional & Unscanned Envelope* bag and must remain in the custody of bipartisan PEOs.

Call the Help Desk as soon as you are in a safe place.

Election Security at the Board Office

The Vote Counting room—where ballots are tabulated—is not connected to the internet

Ohio Secretary of State, working with all boards in Ohio, implemented these security measures:

1. Physical improvements
2. Personnel background checks
3. Secure websites & emails
4. Cyber attack detection & tracking tools
5. Board staff security training

Overall Guidelines for Processing Voters

All voters must vote in the precinct in which they live. Again, this is true for all voters, including provisional voters. Voters can check-in at a regular ePB or at the VAT ePB.

When checking voters in, make sure to follow the directions as they display on the ePB.

Keep in mind that though most voters are processed at the Check-In ePBs, some ePB instructions may require you to send a voter to the VAT ePB for processing.

The following table shows what options are available on a regular ePB in comparison with a VAT ePB (connected to an ePB printer).

Option	VAT ePB + ePB Printer	Regular ePB
Process regular voters	Y	Y
Issue voter replacement ballots	Y	Y
Show device info and log out	Y	Y
Look up and direct voters to correct voting location	Y	Y
Contains help guide and phone numbers	Y	Y
All PEOs Clock-In Payroll/Oath	Y	N
Process provisional voters/voters with Special Designations	Y	N
Print 11:00 am & 4:00 pm VOTED LIST	Y	N
Look up and direct voters to correct voting location - print directions	Y	N

Assist a Voter to Mark a Ballot

A voter can either bring someone with them to assist in marking a ballot, or they can request PEO assistance. If the voter requests PEO assistance, *both* a Democrat and Republican PEO must assist, and the instance should be recorded in the *Notes* pages.

Curbside Voters

If a voter is unable to enter the polling location due to a physical disability, the voter may request PEO assistance. If the voter requests PEO assistance, *both* a Democrat and Republican PEO must assist, and the instance should be recorded in the *Notes* pages.

Regular Voter

Voters should state their name and current address. They must then show photo ID. A photo ID is valid only if the following conditions are met:

1. Name & current address correctly listed in ePB and
2. Current address is in a precinct in your location and
3. Voter has acceptable and current identification

An unexpired OH Driver License or State ID with former address is ok if ePB has current address

Attention: *New* Photo ID Requirements

The following IDs are acceptable:

- Ohio Driver License/ Ohio State ID Card
- Ohio Interim Documentation
- U.S. Passport or Passport Card
- U.S. Military ID, Ohio National Guard ID card, U.S. Dept of Veterans Affairs ID Card, or Digital Veteran ID Cards

When examining photo identification, PEOs must be able to determine that the name listed on the ID matches the information in the ePB.

The U.S. military ID card and Ohio National Guard ID card are more commonly known as the Common Access Card ("CAC"). Military ID's are issued to military personnel, dependents of military personnel, and veterans. The U.S. Department of Veterans Affairs issues Veteran ID Cards ("VIC") and Veteran Health Identification Cards ("VHIC"), both of which include a name and photograph. Veteran ID cards issued by county recorders do not qualify as valid photo ID for voting purposes." "As a general rule, an in-person voter must present photo ID in physical form. However, beginning in September of 2022, the U.S. Department of Veterans Affairs discontinued issuing physical VIC and now issues only digital VIC. As H.B. 458 clearly allows voters to use an ID card issued by the U.S. Department of Veterans Affairs, election officials must accept the digital VIC if the voter presents it.

Examples of an *unacceptable* photo ID:

- Driver License from another State
- Utility Bill, Bank Statement, Government Check, Payroll Check, Government Document
- Social Security Card
- Official mail or notice from the Board of Elections
- MARCC ID (Metropolitan Area Religious Coalition of Cincinnati)

Voters who do *not* have an acceptable ID *must* vote provisionally.

RELIGIOUS OBJECTION- Voters who do not have a Photo ID due to a religious objection to being photographed, must be given a Form 12-O to be completed.. Those voters are required to vote Provisionally. Attach Form 12-O to the Provisional Envelope using the blue painters tape.

Use an ePB to Process Voters

Voters can check-in at any ePB, including the VAT ePB.

To check in a voter at an ePB, do the following:

1. Ask the voter for their ID
2. Scan Ohio Driver License/State ID at back of ePB by camera, or select **Manual Voter Search**.
3. Ask the voter “What is your name and current address?”
4. Verify that the voter’s stated name and address match those listed on the ePB.
5. If the information matches, Touch **YES, CONTINUE**.
6. Touch **ISSUE BALLOT** and flip the ePB for the voter to sign.
7. Voter uses stylus to sign ePB.
8. Voter taps **DONE** and flips the ePB back to you.
9. Compare the new signature to the signature on record in ePB. If the signatures match, tap **ISSUE BALLOT**.
10. The ePB displays the ballot style. Find the correct ballot.
11. Scan the ballot stub barcode using the camera on the back of the ePB. If you accidentally scan the wrong ballot, just get the correct one and scan it to complete the check-in. Screen should say *Voter successfully checked in*.

Always scan the stub barcode on the ePB to ensure the following:

1. Voter receives the correct ballot.
2. The voter check-in on the ePB is complete.

Ballot accounting will *not* balance at the end of the night if the barcodes are not scanned.

12. Remove the ballot stub *after* scanning it and place it in the *Ballot Stub* bag.
13. Give the voter their ballot, direct them to their voting booth, and instruct the voter to scan their completed ballot into the Vscan.

If the voter fails to cast their ballot and leaves it on the Vscan or anywhere else, do *not* cast the ballot for them. **The ballot should be voided.** To **void** a ballot, do the following:

1. Place **VOID** sticker on the top left barcode on the ballot.
2. Place the voided ballot in the red *Voided Ballot* envelope.
3. Make a note in the *Notes* pages.

Manual Voter Search on an ePB

If Driver License or State ID does not scan or other ID is provided, use the following three search methods to find the voter. If none of these work, you may conclude that the voter is unregistered.

To search for a voter, tap **Manual Voter Search** and then select the form of ID which the voter provided. Then complete the following steps to find the voter.

1. Tap **NAME AND BIRTHDATE**.

- Leave last name blank
- Enter first letter of the first name
- Enter complete birth date
- Select **SEARCH**

If a voter has a double or hyphenated last name, try two separate **NAME AND BIRTHDATE** searches if needed. Search with the first three letters of the first name, first three letters of the *first* last name, and the complete birth date. If this does not work, do a second search with the first three letters of the *second* last name and birth year. *Never* enter a hyphen or punctuation.

If the voter's name displays, select it and proceed with the check-in. If the voter's name does not display, continue on to step 2.

2. Tap **LAST NAME AND HOUSE NUMBER**.

- Enter the first three letters of the last name
- Enter complete house number
- Select **SEARCH**

If the voter's name displays, select it and proceed with the check-in. If the voter's name does not display, continue on to step 3.

3. Tap **VOTER CODE**.

- Enter the 8-digit code found on the *Find Voters List* listed before the voter's name.
- Select **SEARCH**

If the voter's name displays, select it and proceed with the check-in. If the voter is not found, look up their precinct to determine if they are in the correct location. See next page for instructions.

If the voter *is* in the correct location but the name does not display, send them to the VAT ePB.

|Provisional Voting

In Ohio, voters may need to vote provisionally—they did not update their current address, forgot to bring their identification, requested an Absentee ballot or are listed in the ePB as “must note provisionally”. Regular & Provisional voters use the same ballot.

The provisional voter places their ballot in an envelope and the ballot is not scanned at the precinct on Election Day. The provisional envelopes are reviewed by the Board and accepted ballots are included in the official count.

REASONS FOR PROVISIONAL VOTING

- Change of Address –voter moved into precinct at your location
- Voter requested an Absentee ballot
- ePB designation says—Must Vote Provisionally
- Voter cannot provide an acceptable valid ID
- Voter not found in the ePB
- Change of name & voter does not bring proof of name change that shows both new and former name
- Challenged voter
- Voter’s signature is very different & does not match
- Voter does not have an acceptable form of ID due to a religious objection to being photographed ***See details below***

Processing Provisional Voter Options are detailed below:

- A. Check-in PEO sends voter to the VAT ePB, after verifying their address
- B. PEO scans Ohio Driver License or Ohio State ID or uses Manual search options

Option #1 - Voter is found in the ePB. . .

- VAT PEO asks voter for their current address.
- Once address is confirmed, PEO touches green **PROCESS PROVISIONAL** on ePB.

Option #2 – Voter is found on the ePB & needs changes. . .

- PEO asks voter again their current address.
- The current address does not match; PEO touches yellow **NO NEEDS CHANGES**, then blue **EDIT**.
- PEO enters the new house number and street name and searches.
- Voter verifies the new street address and, at this point if the address is in the polling location, the PEO touches **YES CONTINUE** then the green **PROCESS PROVISIONAL**. Button on the ePB.
- If the address is not in the polling location, the PEO re-directs voter to different polling place.

Option #3 - After trying all Manual searches, the Voter is not found in the ePB, but current address is in the polling place. . .

- PEO touches red **NO VOTER FOUND**, and enters all information, the voter’s name and complete address then touches green **PROCESS PROVISIONAL**.

Provisional Voting

Option #4 - The voter does not have ID, but current address is in the polling location. . .

- PEO touches red **VALID ID NOT PROVIDED** button, searches and locates voter. PEO then touches green **PROCESS PROVISIONAL** button.

In all Options, once the PEO touches Process Provisional, the steps are the same:

- C. PEO gives voter the *correct* precinct Provisional envelope.
- D. Voter completes and signs Provisional envelope.
- E. PEO checks to make sure the envelope is completed correctly.
- F. If information matches, PEO touches **SELECT BALLOT** and flips the ePB to the voter to sign.
- G. Voter uses stylus or finger to sign ePB.
- H. PEO confirms the signature matches.
- I. ePB shows ballot style.
- J. PEO gets the correct ballot & scans the barcode on the ballot stub - this makes sure the voter receives the correct ballot & completes the check-in process.
- K. PEO removes the stub and places it in *Ballot Stub* bag.
- L. PEO covers the top, left barcode of the ballot with a yellow provisional sticker.
- M. **PEO gives voter hotline sheet:** This sheet contains instructions how to cure a Provisional ballot for lack of acceptable ID.
- N. PEO gives the voter the ballot, completed provisional envelope and directs voter to open voting booth.
- O. Voter marks their ballot, puts it in the Provisional envelope, seals the envelope and then places it in the *Provisional & Unscanned Envelope* bag.

Each polling location is provided with a *Provisional VAT ePB Processing* bag that contains:

- Provisional Voting Place Mat
- Provisional Ballot Hot Line Notice
- Provisional labels
- Provisional envelopes
- Provisional voting information
- Provisional Voter Precinct Verification Form 12D
- Religious Objection to being Photographed Form 12O

The key to voting someone provisionally - process them on the VAT ePB, make sure they are at the correct polling place, have them complete the provisional envelope, seal the voted ballot in the envelope, place sealed envelope in the *Provisional & Unscanned Envelope* bag. A provisional voter's ballot is never scanned at the polling place.

NEW

RELIGIOUS OBJECTION- Voters who do not have a Photo ID due to a religious objection to being photographed, must be given a Form 12-O to be completed.. Those voters are required to vote Provisionally. Attach Form 12-O to the Provisional Envelope using the blue painters tape

Provisional Voting

In multiple locations, the PEO must give voter the correct precinct provisional envelope. Compare the precinct name & number on the envelope to the precinct number on the ballot.

Voter completes Step 1-7 on provisional envelope:

Step 1 Voter clearly prints full name **(required)**

Step 2 Voter fills in date of birth **(required)**

Step 3 Voter fills in current address **(required)**

Step 4 Voter completes former address section **(if applicable)**

Step 7 Voter signs affirmation then fills in today's date **(required)**

PEO check to see if voter completed all steps.

PROVISIONAL ENVELOPE

STEPS 1, 2, 3, 5 & 7 ARE REQUIRED FOR BALLOT TO COUNT

If the voter completes the ID information in section 6, but does not complete the ID information in section 5, the ballot will not count.

| How to **VOID** a Ballot and Issue a Replacement

A voter can have up to two replacement ballots if they make a mistake (for a total of three).

Log info on all **voided** ballots in *Notes pages/Forms Binder*.

A checked-in voter who makes a mistake on the ballot can take the mismarked ballot to any ePB PEO.

The PEO should do the following:

1. Ask the voter to fold the ballot to conceal any marks the voter made.
2. On ePB, tap  and select **VOID BALLOT**.
3. Enter Voter's birth year (i.e. 49).
4. Enter first four letters of voter's last name, touch **SEARCH** (this will find the voter's first check-in).
5. Locate correct voter and select name to highlight it.
6. Touch **VOID** and select **YES** to issue replacement ballot.
7. Touch **CONTINUE**. Touch **YES** to confirm.
8. Voter re-signs their name on the ePB screen then taps **DONE**.
9. The PEO should then place a **VOIDED** sticker over the top left barcode of the "bad" ballot (one sticker per ballot sheet).
10. Pull new correct ballot and scan the new ballot stub barcode.
11. Verify the correct ballot stub was scanned.
12. Remove the ballot stub and give voter new ballot.
13. Put "bad" ballot into **RED VOIDED Ballot envelope**.
14. Write voter info in *Notes pages/Forms Binder*.

All ballots must be accounted for and processed correctly. Voided ballots are ballots mismarked by voter error or abandoned by the voter (left in voting booth, etc.)

Troubleshooting - ePB, Router, ePB Printer

The following issues may occur on the ePB, router, and ePB printer. Follow the instructions to troubleshoot.

ePoll Book:

All voters are flagged 'Wrong Location' in ePB

The wrong polling location was programmed in ePB

1. Continue to process voters on another ePB
2. Call Help Desk immediately and troubleshooter will be sent
3. If no ePBs are working, use Find Voters List as emergency signature poll book

The top right corner of ePB displays the battery symbol or low battery power

1. ePB is running on battery power and is not connected to electric power
2. Make sure power cord is inserted correctly by unplugging and re-plugging cord
3. Wait until battery symbol is replaced with a green plug symbol (approx. five seconds)
4. If ePB still shows a battery symbol, continue to process voters
5. Call the Help Desk and a troubleshooter will be sent

ePB is displaying a message box to Update IOS - Do NOT update

1. Touch **Cancel** and continue to process voters

ePB unexpectedly closes

1. Touch ePB icon if you are taken completely out of program
2. Touch **START** button and log in
3. Continue to process voters
4. If problem continues, call the Help Desk

ePB screen freezes

1. Hold down the **Power** button on top left of ePB and **Indent** button *at the same time* until Apple displays (approximately 5 seconds).
1. Release buttons and wait for Seal to display.
2. Press **Indent** button to unlock device,
3. Touch ePB icon and then **START** button. Log in and continue to process voters.

ePB screen goes black

1. Press **Indent** button—screen will light up.
2. Press **Indent** button again to unlock screen.

Voter needs a replacement ballot but the ePB displays 'No Voters Found'

ePBs are not communicating with each other—(red broken heart icon) .

1. Send the voter to the ePB that originally checked-in the voter to process.
2. Continue to process voters on ePB .
3. Call the Help Desk and a troubleshooter will be sent.

Router:

Bars are low—WI-FI signal is weak

1. Move the router to area in polling location with better signal strength (more bars).
2. If this does not solve the problem, call the Help Desk.

No WI-FI signal—Router is not powered on

1. Press and hold  until WI-FI icon displays.

Troubleshooting - ePB, Router, Printer

ePB Printer:

Everything should be working if:

- The power button is pushed *down*.
- There is a solid blue light on the printer.
- The printer icon on the VAT ePB is green.

Orange Exclamation Point icon on printer

- The top cover is open. Shut firmly down until orange exclamation point disappears.

Orange Paper Roll icon is on printer

- The paper roll is incorrectly fed. Lift the top cover and feed the paper roll so it is slightly sticking out of the printer. Close the lid, and the printer will cut the paper to the correct length.

See TIPS for ePB (section 10) and Frequently Asked Questions - Equipment (section 9) in the Comprehensive Manual.

Troubleshooting - Vscan

If ballot does not scan, check the Vscan Screen to see if it indicates a reason.

Scanner will eject an unvoted ballot **or** over-voted ballot

The voter can:

- Pull out the ballot sheet, choose to mark the unvoted ballot, then re-scan **or**
- Cast the ballot sheet as is by pressing the **CAST AS IS** button *or*
- Request a replacement ballot. Voters may have up to two replacement ballots for a total of 3 ballots.

Scanner may eject a ballot (torn barcode, mark in barcode, or if ballot was inserted crooked) - Issue replacement ballot and **VOID** the ballot that was rejected

CONTINUE TO PROCESS VOTERS EVEN WHEN THE VSCAN IS NOT WORKING

Send voter to VAT ePB, **PEO**:

- Gives voter an *Unscanned Envelope* (GREEN LABEL) to put voted ballot in
- Indicates reason why ballot would not scan on front of envelope
- Voter places voted ballot in *Unscanned Envelope*, then seals it
- Voter puts sealed envelope in *Provisional & Unscanned Envelope* bag

Unscanned Ballot—*Unscanned* ballots are those VOTED ballots that could not be scanned in a Vscan due to a technical issue with the Vscan. The ballot will be counted at the Board.

VOIDED ballots **DO NOT** to go in an *Unscanned Envelope*.

The number of *Unscanned Ballot Envelopes* will be totaled for Ballot Accounting after close of polls.

| Troubleshooting - Access Station

Access Writer Screen says *Printer Error*

- Check to be sure Access Writer Ballot Printer is turned on and has power (green light on power button)
 - If no power: Check to be sure Access Printer power cable is secure in outlet and back of printer
 - If there is power: Check to be sure that Access Writer printer cable is securely attached to printer and Access Writer
- Check to be sure ballot paper is loaded in the paper tray
- If error continues, unplug the blue end on the printer cable from the back of the Access Writer - wait 15 seconds and plug back in.

No sound in the headphones

- Make sure headphones are plugged into Access Controller - jack should be flush with Controller and plugged into top left jack
- Rotate black wheel on Access Controller left to right to initiate audio

Tuesday Night Close Polls AT 7:30pm

- All polls in Ohio are to close at 7:30pm unless directed to remain open by court order. (BOE will send out instructions via ePB alert if this happens)
- At 7:30pm, the official closing time is on the Vscan, the VLM declares, "THE POLLS ARE CLOSED - EVERYONE IN LINE BY 7:30pm WILL BE ALLOWED TO VOTE."
If there is a line of voters at 7:30pm, a PEO stands at the end of the line to mark the last voter and politely inform voters still arriving that polls are now closed.
- No equipment is to be broken down/packed up until the last voter has left the voting location.
